

LORNE HOPKINS

DESIGN STRATEGIST | CORPORATE L&D | EXECUTIVE AND PROFESSIONAL LEARNING

Tempe, Arizona | (602) 386-8710 | LorneH12@gmail.com | [LinkedIn](#) | [ASU Learning Design Portfolio \(launching soon\)](#)

PROFESSIONAL SUMMARY

Corporate learning and design strategist with 15+ years of experience translating complex business, technology, compliance, and performance needs into practical learning experiences. Brings hands-on instructional design, facilitation, project and product leadership, stakeholder partnership, learning analytics, and AI-assisted development across American Express, Charles Schwab, Concentrix, and consulting engagements. Experienced designing and delivering synchronous, asynchronous, and blended learning; guiding cross-functional work from analysis through development, QA, launch, feedback, and iteration; and supporting professional audiences in regulated, high-change environments.

CORE EXPERTISE

Learning Experience Design • Corporate L&D • Executive and Professional Learning • ADDIE and Backward Design • Synchronous and Asynchronous Learning • Curriculum and Course Development • Needs Analysis • Assessment and Practice Design • Learning Analytics • Quality Assurance • Stakeholder and SME Partnership • Portfolio and Project Leadership • AI-Assisted Learning Design • Change and Technology Adoption • Accessibility-Aware Design

LEARNING TECHNOLOGY

Articulate 360 (Rise, Storyline) • Adobe Captivate and Creative Cloud • TechSmith Camtasia • Workday and Cornerstone LMS • Webex Webinar, Meetings, and Webcast • Qualtrics • SharePoint • Jira and Confluence • Microsoft 365 and Copilot • Rovo • ChatGPT • Claude • Gemini

PROFESSIONAL EXPERIENCE

AMERICAN EXPRESS | Change Manager and Training Administrator | 01/2026–Present

- Support enterprise technology adoption within Tech Business Enablement and Enterprise Ways of Working, with responsibilities spanning change management, product and project coordination, instructional design, facilitation, communications, and analytics.
- Personally coordinated and hosted all 59 live enablement sessions across six global time zones for a three-month Jira Data Center and Rally-to-Jira Cloud migration affecting a population of 60,000 users across seven user groups.
- Developed learning materials, presented key topics, led discussions, and moderated Q&A; coordinated subject matter experts for demonstrations and technical questions and leaders to establish business value and impact.
- Led post-session engagement, global communications, and stakeholder feedback loops; synthesized Qualtrics surveys, chats, transcripts, and reviews into recommendations and executive-ready reporting.
- Used AI-assisted theme analysis with human review to surface recurring questions and improve the experience toward more interactive demonstrations and Q&A.
- Contributed learning and adoption support across Confluence Cloud, GitHub Cloud, data center transfer, and SAP Fieldglass initiatives, adapting materials and delivery to audience and project needs.

LAJH ENDEAVORS PLLC | Founder and Learning and Development Consultant | 03/2023–Present

- Lead learning projects from needs analysis and planning through design, development, stakeholder review, implementation, and continuous improvement.
- Translate complex source material into digital courses, job aids, practice activities, video, documentation, and performance-support resources aligned with business and learner needs.
- Develop learning with Articulate Rise, Adobe Captivate, Camtasia, and multimedia tools; use generative AI for research, ideation, drafting, and content transformation with human quality review.
- Facilitate stakeholder and SME discussions, define requirements, manage deliverables and review cycles, and support clients with workflow, technical training, and AI-enabled process improvement.

CHARLES SCHWAB | Senior Project Manager, Senior Instructional Designer and Product Manager | 08/2017–03/2023

- Led learning and project initiatives in financial services, partnering with subject matter experts, project owners, department leaders, and learning stakeholders to translate business requirements into structured learning experiences.
- Designed client-facing tool education and internal learning supporting onboarding, upskilling, compliance, technology adoption, and job performance across synchronous and self-directed formats.
- Managed the learning lifecycle across analysis, solution design, content development, stakeholder review, refinement, launch readiness, implementation, and improvement.
- Championed Learning Journeys and SharePoint-based learning hubs that organized role-specific development, resources, and performance support into scalable self-directed experiences.
- Coordinated schedules, dependencies, risks, and deliverables across multidisciplinary teams of subject matter experts, project managers, and business leaders.
- Used stakeholder feedback and performance information to refine learning resources and keep portfolio work aligned with business priorities and audience needs.

CONCENTRIX | Training and Quality Manager and Instructional Designer | 10/2014–08/2017

- Led training and quality responsibilities supporting new hires, trainers, frontline teams, and managers across corporate client programs, including Nike and Intuit.
- Designed and facilitated onboarding, upskilling, compliance, and performance-focused learning; expanded use of Articulate Storyline, Adobe Captivate, LMS tools, and multimedia content.
- Supported a high-volume Nike seasonal ramp involving 500 employees over three months by coordinating learning delivery, readiness, and operational partnerships.
- Used LMS reporting, quality findings, and operational feedback to identify development needs, guide coaching, and improve course and facilitator support.
- Partnered with client and operations stakeholders to align learning priorities, delivery schedules, quality expectations, and business performance needs.

GATESTONE AND CO. | Corporate Trainer and Instructional Designer | 08/2008–03/2014

- Delivered customer service, procedural, and compliance learning for American Express and USAA collections programs, preparing new hires through instructor-led, web-based, workbook, coaching, and on-the-job experiences.
- Designed role-play, shadowing, call-calibration, and listening activities with structured rubrics to connect learning to job decisions, customer care, compliance, and performance expectations.
- Used quality reviews, gap analysis, one-to-one coaching, and small-group sessions to identify performance needs and reinforce skills after formal training.
- Served as a client-facing learning contact and communicated training needs, progress, risks, and recommendations to staff and leadership.
